

Dear PCC Members

Our hearts are heavy as we witness the devastating impact of the wildfire sweeping across Southern California, affecting our Pacific Coast Chapter members. To those directly affected, please know you are in our thoughts. Your WOC community is here to support you, we are thinking about you, our hearts and prayers go out to everyone affected.

To those on the path of fire: your safety is the top priority. Please adhere to evacuation orders, keep emergency kits ready, and stay updated through local alerts.

For those safe but looking to help, there are many ways to make a difference. Here are some trusted organizations you can support or volunteer with:

American Red Cross Los Angeles
